LoadRunner™ Wins Silver at 2013 KING Awards

SEATTLE, WA — May 24, 2013 — The AeroGo LoadRunner™ has been awarded a silver medal in the material handling category by the 2013 KING Awards. The patent-pending LoadRunner is capable of lifting and transporting up to 2,500 lbs. on air bearings, without cords or hoses. The KING Awards were established in 2011 to honor superior industrial product innovation. Winning entries are described as ‘products that enable all involved in manufacturing to do their jobs more efficiently and effectively.’ More than 6000 votes were cast by print and digital readers of New Equipment Digest, an industrial trade publication. To view the LoadRunner in use, visit <http://www.aerogo.com/air-caster-products/loadrunner/18>. For more information contact AeroGo at 206-575-3344 or email info@aerogo.com.

Founded in 1967, AeroGo is the world leader in providing standard and customized load moving solutions for highly sensitive and exceptionally heavy loads.
